# A Letter From Our Executive Director

On behalf of the Board of Directors, staff, children, and families of Nabor House Community, I am pleased to present our 2023 annual report! What a year it has been! A year overflowing with joy as we welcomed 60 new families to our recently opened Memorial Drive location. Our overall, 2-location capacity is now 150 children. As I think back over 2023, I'm reminded of Job 42:2 ~ "I know that you can do all things; no purpose of yours can be thwarted.". Nabor House has grown with all praise to the Father!

Our founder, Jerry Stoller envisioned Nabor House Community as a place where single mothers and low-income families could thrive, participate in higher education, and benefit from employment opportunities to better their lives. He also knew that this resource alone would not be enough. For full life transformation, these women and families would need to hear the gospel of Jesus Christ and surrender their lives to Him. Jerry knew this is the only complete way to experience God's peace.

We are honored to partake in the vision of our founder and are privileged to work every day with the most vulnerable families in Houston. Thank you, Jesus, for allowing us to witness spirits lifted and lives transformed through the power of the gospel message!

And I thank YOU, from the bottom of my heart, for everything you do for the children and families that we serve. From volunteering your time to sharing your talent and treasures, I assure you that your gifts are received with enormous gratitude. We truly could not fulfill our mission without the help and generosity of others! It is a labor of love, and we are so glad that you continue to join us in our ministry!

Many Blessings!

*Jerry Stoller*

*Nabor House Community Founder*

Jerry Stoller envisioned a childcare facility, birth to preschool, that provided single mothers the opportunity to pursue employment, education, and a better future for their families. He also knew children learn better in a safe environment. In 2013, Jerry founded a nonprofit Christian childcare center. Inspired by his years spent at the University of Illinois, he named the Houston-based charity Nabor House Community after his first collegiate home, the Nabor House Fraternity.

Jerry had a heart for single mothers and low-income families and felt a sense of responsibility to help them and their children become self-sufficient and independent. He did so by offering a "hand-up" rather than a "hand-out." Today, Nabor House Community has not only served over 600 children, but has also enriched the lives of entire families through the power and love of Jesus Christ.
